

The land next door

The Club has been negotiating on this since last summer and we need to know if the members will help fund this purchase. Let's look at a few important reasons we need to buy this property. We need to protect ourselves from the development that is coming in the future. So far we have been fortunate that this land has remained open. This is our opportunity to keep the largest wooded, non-developed property in North Londonderry Township intact. This will also continue to provide habitat for the deer, turkey and other small game animals that live there.

Another important objective is to **avoid** a legal battle in the future from a new homeowner that builds a house on a lot purchased from a developer. This is happening right now in Lewistown, PA. A person bought a home close to the pistol range and is filing a lawsuit against the club. The fact that the club has been there for 50 years does not matter and the case will probably end up in court, costing the club a lot of money that they might not have. We have several ranges and shoots on that side of the property, which need to be protected in order to secure and protect our future here at PSA. The pistol shooting complex and sporting clays are the most at risk.

In closing, we are asking for your help. We would appreciate your pledge of a minimum of \$20.00 for this year. The level of feedback and commitment we receive will help determine if we can purchase this property. This could be the most important decision the club has ever made. I believe it is imperative that we find a way to purchase this property to protect us today and into the future. This will provide our children, grandchildren and those yet unborn, the opportunity to continue PSA and experience our way of life. We are a 501c3 non-profit, so all contributions are tax deductible to the fullest extent allowed by law. Please fill out the pledge card below and return it to me. Will you choose to participate and make a difference? Thank you for your consideration
